The beans are sourced organically and roasted in house. The sauces and syrups are handmade and make all the difference. I highly recommend the iced mocha with an extra shot! While waiting in line for your drink the store is full of local artists and art making it a double win!"

# Duck Waterfront Shops

"Bookended by two excellent restaurants (Aqua Restaurant and Blue Point/Back Bar) and connected by a wooden boardwalk on the Currituck Sound, the Duck Waterfront Shops not only offer a variety of boutique shops to choose from but also serves as a "nature walk" for excellent waterfowl/bird watching. Whether you are taking a leisurely stroll with the family and/or pets, or making it an afternoon/evening event including shopping, cocktails, and excellent food (don't forget ice cream afterwards!), the Duck Waterfront Shops check off many boxes. Personally, I enjoy taking my pup for a walk and appreciate how dog-friendly the shops and restaurants are."

Duck Woods Country Club

# Things to Do

“If you’re looking for a great place to play a round of golf, I recommend Duck Woods Country Club in Southern Shores, NC. The Reese Jones designed 18-hole course provides a great golfing experience for everyone by offering five different sets of tee boxes.”

“Practice facilities include a driving range, putting green, and chipping area. The Pro Shop carries a variety of gear and apparel to fit everyone’s tastes. And speaking of taste, the snack bar and food/beverage operation will gladly take care of any thirst or hunger that your golfing group might have.”

“The North Carolina Aquarium is a great place to take the whole family. Indoor and outdoor exhibits provide hours of exploration, and the variety of special programs and activities are both fun and educational. Don’t forget to wave at the SCUBA divers! We are proud to support the Bill Koebernick Volunteer Dive Program, named for our late Rental Manager.”

Note: The North Carolina Aquarium requires a ticket purchase and reservation to visit the facility. We recommend visiting their website at [www.ncaquariums.com/roanoke-island](http://www.ncaquariums.com/roanoke-island) to secure a spot before heading to Manteo.

Outer Banks Fishing Pier/Fish Heads Bar & Grill

“Outer Banks Fishing Pier and Fish Heads Bar & Grill is the place to be! I love the fish tacos and live music on the weekends. They’re also dog-friendly, so I don’t have to leave anyone behind. Being able to lounge on the beach, eat good food, and go fishing all at the same location makes it easy to spend the whole day there.”

The Outer Banks Fishing Pier and Fish Heads Bar & Grill is located in South Nags Head at milepost 18.5. The Bar & Grill is open Wednesday-Sunday 11am-9pm. The pier is open 24/7 in-season, and does not require a fishing license (pier fishing passes are required and can be purchased in person).

RESERVATIONS

“When it comes to watersports, Nor’banks is the ultimate adventure. Try parasailing, tubing, or wakeboarding for a high energy activity. Rent a boat or jet ski to explore the sound. Learn something new with sailing instruction aboard a monohull or catamaran sailboat. Or grab a drink from Village Table & Tavern’s outdoor bar and kick back on the manicured lawn overlooking Currituck Sound. There’s even a retail shop with popular surf brands and outdoor gear.”

“If you’re staying in Duck or Corolla, you have to stop by and see the location, it really is the best hangout. Just be aware of Saturday traffic - it’s best to plan for a weekday if you’re travelling from a different town.”

Nags Head Woods Preserve

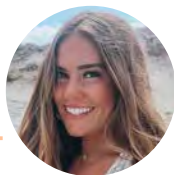

# Nags Head woods preserve

Designated a National Natural Landmark in 1974, Nags Head Woods is one of the largest remaining maritime forests on the East Coast. Explore the gravel roadway by vehicle or bike, or venture through the 8 miles of trails on foot. Along the way you are likely to see one of the many bird species that call the woods home, pond, marsh, and sound overlooks, and remnants of a once thriving 19th century village.

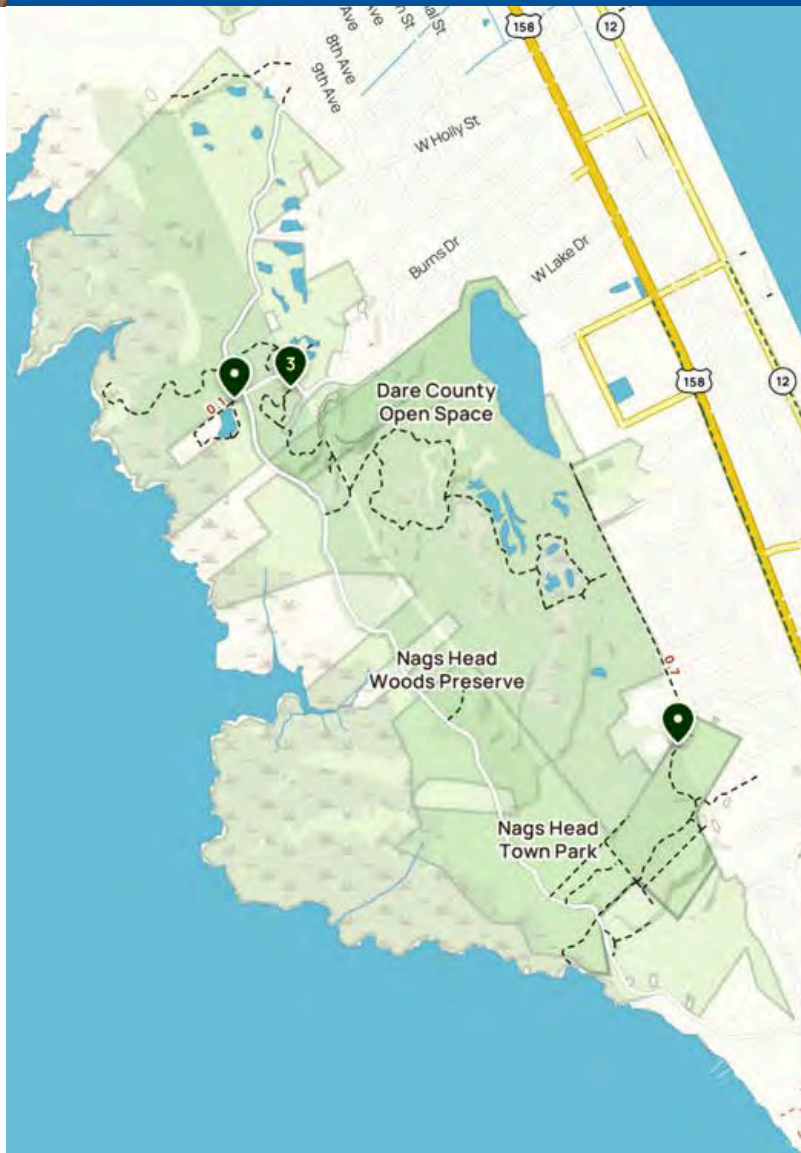

“Nags Head Woods Preserve is my favorite hidden gem on the Outer Banks. From forested ridges and ponds to history-ridden trails met with the best sunsets, this nestled-away nature experience is not one to miss! If you need some outside time away from the sandy beach, check out this spot!”

-Erin Fogle

BUSINESS DEVELOPMENT

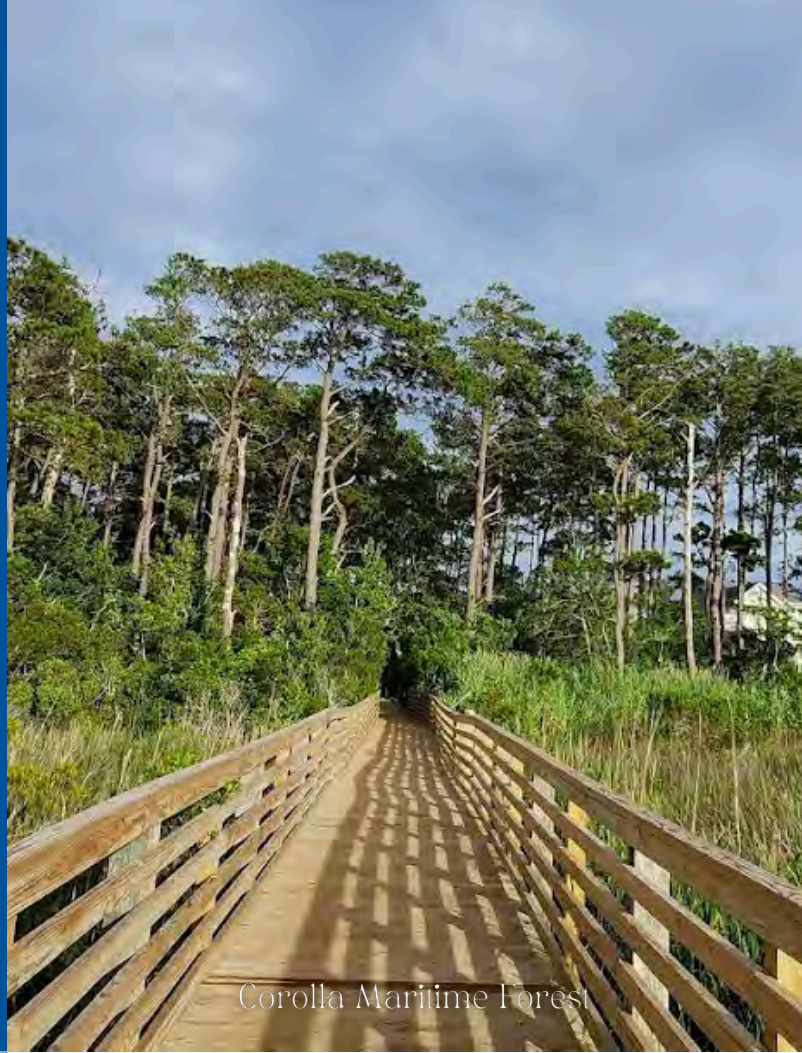

The main access to the trails can be found on Ocean Acres Drive in Kill Devil Hills. Make sure to wear outdoor appropriate clothing and shoes. This is a natural area, so bug spray, a hat, and sunscreen are recommended. The trails are dog friendly but make sure to “leave no trace.” Take only pictures and leave only footprints!

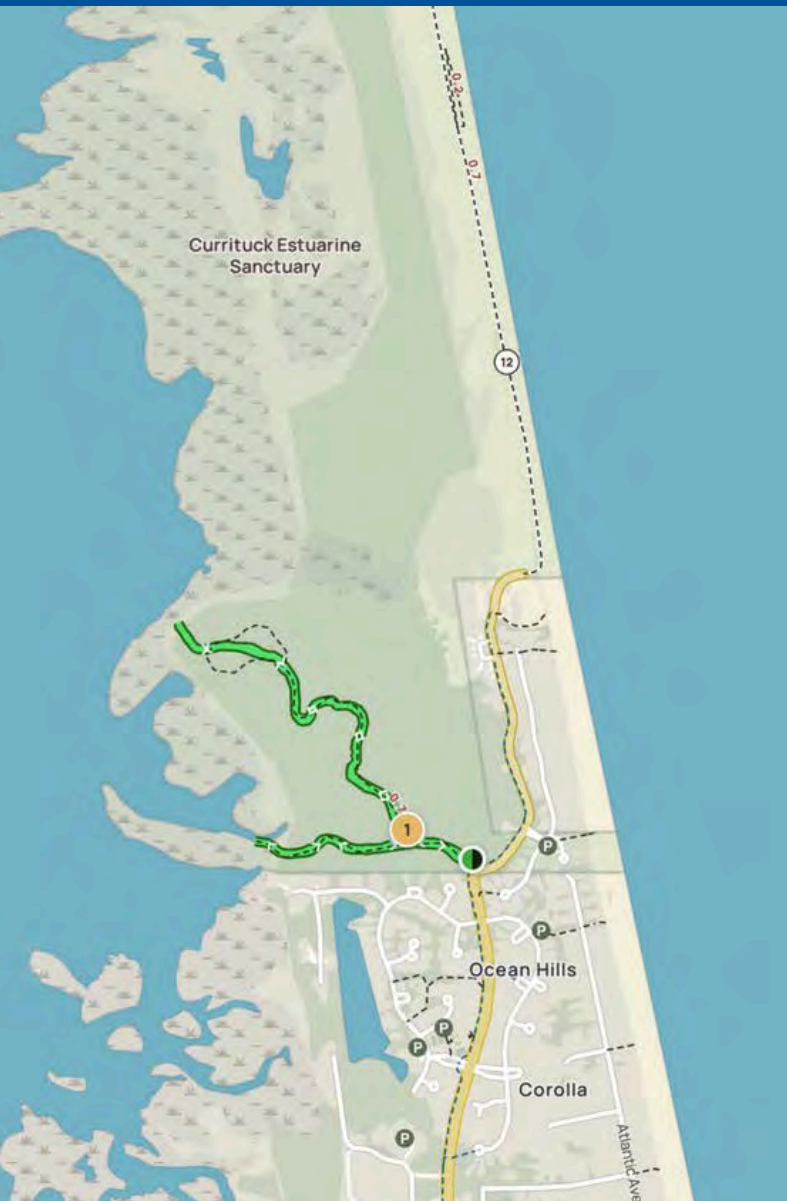

# Corolla Maritime Forest

Like Nags Head Woods, Corolla has its own maritime forest to explore. The Corolla Maritime Forest and Currituck Banks Boardwalk can be found at the end of the paved portion of NC 12, just before the 4x4 beach. This beautiful area is the northernmost site of the NC Coastal Reserve, encompassing 965 acres of ocean beach, sand dunes, grasslands, shrub thicket, maritime forest, brackish and freshwater marshes, tidal flats, and subtidal soft bottoms.

Corolla Maritime Forest

“Everyone knows about the 4x4 beach, but the nature walk behind the beach is a local secret! I like taking long walks and these trails are a great place to feel like you’re on the Outer Banks before it was developed. Bring a camera because there’s lots of wildlife activity!”

*-Lexy Brown*

PRESIDENT’S ASSISTANT

There is limited parking for trail access, however, there is a wide sidewalk for walking or biking. If you are staying in the Ocean Hills community, we recommend walking or biking to the trailhead. Remember to dress appropriately and leave no trace. We want to make sure this unique ecological area is preserved for future generations!
